## SLAPSHOT

Slapshot is the humorous story of a hockey team's fight to stay playing hockey. The

movie, although funny, put forth

a lot of profanity. We asked the opinion of a few hockey fans and players who viewed the restricted movie and here are some of their comments:  
**Shannon Corbett** (grade 12) - I thought the movie was very funny; but you have to realize that it was all in fun and not true to life. They weren't trying to hurt anybody by the way it was presented.

**Mr. Hall:** A rather humorous parody.

**Steve Bainbridge** (grade 12) - I liked it but I felt it was very unrealistic and phony. He didn't feel that it had any effect on society's view of hockey. He said the public took it as a joke.

**Colleen Pettit** (grade 12) - It's too bad that people have to turn to such entertainment with so much profane language instead of a decent movie with a story behind it.

**Lynne Hillis** (grade 12) - It was a very good satire on hockey but I was revolted by the language. I thought some parts were very funny but some of the language could have been cut out.

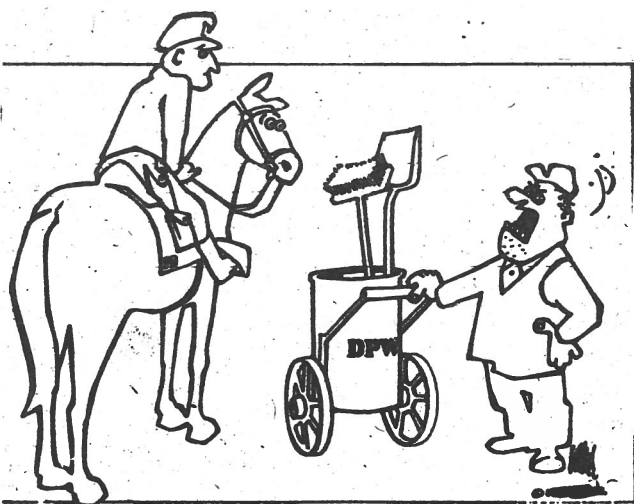

**John Scott:** It was one of the funniest movies I've seen.

These were the opinions of most who saw it. Some liked it some didn't. We both saw it and enjoyed it taking it for the joke it was obviously meant to be.

## S.C.I.T.S. PROM

Our own S.c.i.t.s. prom was held Friday, June 3 at the Holiday Inn from 8:30 until 12:30. The fantastic group which performed was the Daily Mail. At 11:30 a light lunch was served along with punch to quench the thirsties. Everyone looked charming and I think that everyone enjoyed the Prom as much as I did. Right, Renee, Colleen, and Maureen?

## SOMETHING TO THINK ABOUT

You're leaving the people  
 You've needed so long,  
 They've showed you a meaning  
 With a place to belong.  
 A lifetime of friendship  
 Does not have to end.  
 You're leaving a high school,  
 Not losing a friend.  
 You'll meet all the problems  
 You've dreaded so long;  
 But with faith and with wisdom,  
 You'll never go wrong.  
 I wish you the greatest  
 But what I can say,  
 I know you can do it  
 Just do it your way.

## GOODBYE

THE SOUTHERNER SAYS GOODBYE TO THE LEAVING TEACHERS.

This year there are three of our teachers leaving scits. Miss Wilson, one of our teachers that has been here 31 years.

Mrs. Janess is leaving SCI after being on our Commercial Staff for 5 years. She will begin teaching next year at Central.

Mrs. Janess feels that the school has a lot going for it especially in the Commercial Department, since they have won the Shorthand Competition for the past 5 years. Mrs. Janess expressed that she will miss the close relationships between the staff. She will also miss the wonderful students but she feels that it is time for a change.

Mr. Jambrosic will continue teaching in Sarnia although he is unsure of what school he will be at. He found that teaching here at SCI&TS has been an interesting experience and he finds students were very open minded. Mr. Jambrosic believes that the students are searching for the relevance of the subject and if they see it then they will work, but if they don't they won't work. He concluded that the students expect to be motivated and they have as promising a future as those in other schools.

The Southerner staff wants to wish Miss Wilson, Mrs. Janess, and Mr. Jambrosic good luck in whatever they choose to pursue after leaving us here at S.C.I. & T.S.

### They're Leaving Us

Mr. Stevens will be leaving us after 21 years of faithful service. He joined S.C.I.T.S. teaching staff in the fall of 1956 as the head of the history department. When he first arrived here the main building was the only existing part of the present school. As the years progressed Mr. Stevens watched the school grow. In the fall of 1968, Mr. Stevens was promoted to the position of vice principal. This year was the first time since his promotion that he has returned to teaching in the classroom. We found it a pleasant change and he found the students quite enjoyable.

Just a few of Mr. Stevens more memorable highlights of his years were the 50th Anniversary of the school, having the year book dedicated to him, and being involved with the Commencement Ceremonies.

Mr. Stevens was also responsible for many of the landmarks of the school. He expanded the Letterman's Club to include academic as well as athletics and he also started the tradition of the Bronze plaques which hang in our halls.

Mr. Stevens has enjoyed his years here at S.C.I.T.S. and he especially enjoyed the staff and students. We will be missed greatly by all.

### Mr. Edgar is Leaving

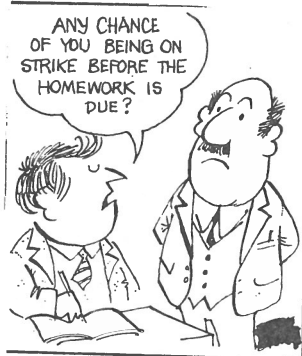

Mr. Edgar is leaving Scits next year. He has been given the post of principal at Alexander Mackenzie High School. The definite decision was made on May 18th. Mr. Edgar is glad to have the promotion because any new situation is a challenge to him but he is sorry to leave Scits. Maybe it's because he has spent thirteen years of his life here.

Mr. Edgar first came to Scits as a student. He had Miss Wilson as a teacher. After graduation Mr. Edgar still wasn't finished with Scits. He returned in 1960 as a Teacher. History and Physical Education were his subjects. He also spent time at Northern, Petrolia, and Alexander Mackenzie. For the last two years he has spent time here as being vice-principal at Scits.

This past year at Scits has been a very good year, he feels and that the students should be proud of their school.

Mr. Edgar's duties begin at Alexander Mackenzie on Sept. 1, 1977. Scits will be losing a good vice-principal.

## MISS WILSON

### Miss Wilson

This is one of the saddest years for many of us since we are losing to retirement one of our most beloved teachers--- Miss Wilson.

Miss Wilson, a graduate of SCITS, has served the students of Sarnia and SCITS for the past thirty-two and one-half years. Her achievements are too well-known to be related in much detail----- her interest in students as people, her dedication to scholarship, her varied interests, her humour----- except to say that they all make her an exceptional human being.

We love you, Miss Wilson, and we wish you a very happy retirement. We want you to know that we will always feel you are with us.

# A Look Back

## The Scits Blues or Scits Blows

Soon, too soon but yet not soon enough school will be out and so will I. It will be a very happy occasion for me but a sad one too. I will never come to this school again. I despise it but I like it. I have had some really bad times here but some really good ones too. I have hated and loved people I have met here and will continue for a long time to come. I can't begin to describe all the stupid ignorant people I have had to put up with throughout my four long, yet, four short years in this institution. I have broken their stupid rules too, but not as much as I wish I had. The way this school is run is like a prison; not a place for learning. Students are like puppets dangling on a string. "Yes Sir" "No Sir" I'm sorry Sir". Some people in this place put themselves on a pedestal like to play God. Little do they realize how far they are from such a position. I find it hard to believe what people some of the staff at this school are. Not all of them of course but the real asses are so obnoxious they can make you forget the good teachers. Don't get me wrong, there are good teachers at the school as in every school. On the good side there are the good people I have met here- the cream of the crop. The few good people I have met here make up for all the losers. I really look forward to seeing some people and their company helps me to make it for the day. There isn't a multitude of such people but the ones that exist are worth their weight in gold.

It is the people that make a school and there are some really great people here and some really bad ones. Of course that is the way the world is I guess and school just shows you what it is. Getting away from the school will be great-associating with who you want, not taking orders nor having to listen to individuals big mouthed, small brained, ego-tripping. As you may have noticed I have mentioned no names thus far (there are far too many to mention) and will not.

If you read this and think you fit into either category the chances are you do. If the shoe fits wear it! This is not my revenge on the school and its population but my feelings I have held inside for too long and finally have a chance to express them for all to read and hate or enjoy.

"He who laughs last laughs best" and that is exactly what high-school is-one bad joke and I'm sure as hell glad I'm out. I would like to say goodbye to any friends (what friends?) and non-friends alike. See you in the funny papers you clowns!!!!

Written by Mason Carson.

"In three months my rehabilitation will be complete. . . . Then I'll be free to get that who put me in here!"

## Student Council Assembly

The Student Council was like the Christians being tossed to the lions-the lions being the students. It was an adverse and unfortunate event from the start to finish.

Don Berril had a very good speech but turned some off with his attitude, and the magnet he seemed to have in his hand which kept drawing the mike back to him. Other than these few minor faults, Don Berril and Stephanie Rogers were by all means the most impressive of all the nominees.

The joker who doesn't like jokes, Jamie Campbell, made a joke, and was made a fool of. Does anyone have to be said about the "Great CM"?

Clayton Saunders will definately make a great President or Vice-President in a few years (When he grows up). His cool image is great but not what the student body expects will make a responsible, sensible, and good reliable leader of the council right now.

The student body very quickly detected the weakness in each of the nominees and whittled away at them, not showing any respect or maturity. Sure, everyone likes a joke and a good time, but the assembly was full of a bunch of dogs barking at one another.

What more can be said?  
We're disgusted!

## GRAD BOOKS

The Grad Books for 1976-77 were handed out in home room on June 6. They were filled with forty-three pages of school pictures and candid snapshots of select persons. Although the pictures were black and white and there happened to be several pages for autographs (that's great if you know the whole School), they do provide a good menagerie of memories.

Hopefully next year they will be more of a worthwhile buy. With more support there should be year books like there used to be. Then everyone will get their money's worth.

Sure, the books provide years of reminiscing but for five dollars?

### The Southerner goes to bed

Well, another school year is over and once more The Southerner goes to bed for the summer. Sometimes we wonder if people are aware of the frustrations we sometimes feel in certain directions. Here are a few of our grievances:

1) We hate losing money, yet everybody feels that we are amassing huge profits. Fact: We barely clear expenses.

2) we hate surveying people who do not respond to the questions we ask. Fact: The same people who refuse to respond complain bitterly that the surveys are not "their opinion."

3) We have grown to hate criticism of the front office. Fact: The Principal and Vice-Principals give generously of their time to hear all aspects of a question, and decisions are made for majority good.

4) We love articles and items which please and interest you. Fact: The only way we can ever improve is to have help from you with concrete suggestions.

Have a good summer.

We would like to thank our Marketing students for the two years of great work that they have done for the Southerner.

# REMEMBER WHEN

Remember When . . .

Remember when every girl felt jealous that she had not been selected Posture Queen?

Remember when Dave Knight and Mason Carson covered the football game for The Southerner (and didn't even see it until three minutes before the end)?

Remember when Chris Campert got a new watch?

Remember when Patti Quinn dressed up as Wonder Woman? Period one Welding does!!! She stopped traffic too.

Remember when David Ivory became a mechanic in the girls' washroom? Ran up the stairs like a dog? Spat up ice cream in Tech Alley?

Remember when Mr. Phillips wore a new suit? Neither do I!!!

Remember when Bob Ryon was a Grade 9? No?????

Remember the Geography Trip? Nobody else does.

Remember the Graduation Party that wasn't?

Remember when Boardman owned shoes that weren't chewed by Beagles?

Remember when Karen Powell had her hair done? EVERYBODY DOES.

Remember when behind the school was SAFE?

Remember the day Tracy Starr's closed down? C \_ \_ \_ \_ \_ DOES.

### THE SCITS REVIEW

The Scits Review came off great again this year. The show was held April 21, 22, & 23 and every crowd seemed to get their money's worth.

Overall the Review left good impressions.

Choreography and dancing were together this year after a few problems Thursday night.

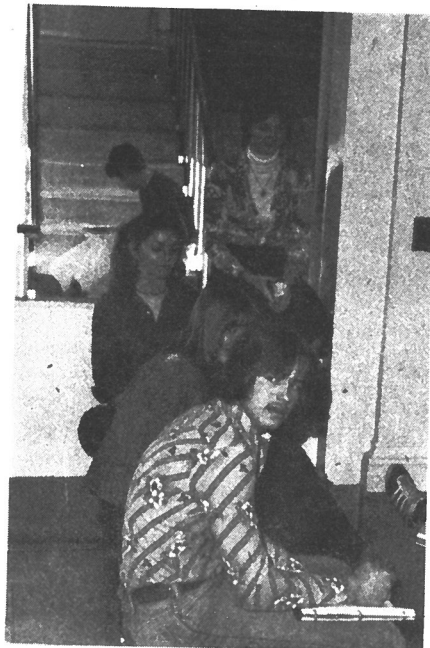

The skits were good while the Batman skit excelled in applause and laughter. Batman and Robin were cast perfectly and the writing was great.

The fillers and singing were better than average in some cases and below decent in some others. Bi-lingual bad taste is inexcusable in a show of the quality of the Scits Review.

The music was excellently proportioned to the show by the music department and the show was technically excellent for high school productions. This includes lighting, sound, music, dancing, costumes, make-up and props.

The show finale was a weak attempt at singing by the cast but looked good on stage. All in all a big hand to the cast directors and Miss Gibb from the Southerner.

### MAY 24TH WEEKEND

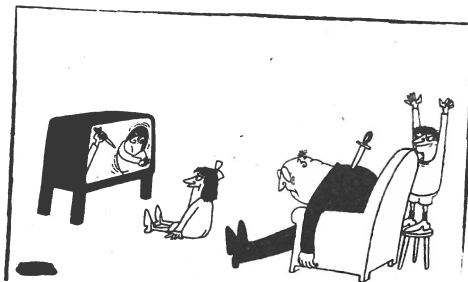

Although many of us were delayed by all of the tests we appropriately received on the Friday before the weekend, we all seemed to have a great one.

The hottest places this year (as almost any other year) were Mosport, Sauble, Piner's, and area, and quite a few went to a new park called Kundic.

From all accounts the weekend was one long party, and it didn't really matter where you went, so long as you were with your friends.

Judging by all the red, burnt, or maybe even tanned skin, quite a few of us played too long in the sun, and are now suffering for it.

Much money was spent that weekend, and all we can do is console our tired bodies with the money we will have from the empties.

### How Many Days to Summer School?

With the coming of the end of school also comes exams. There are many different opinions of exams. A couple of students were asked what they thought of exams and here is what they said.

- "I think they are unfair. Either everyone should write or everyone shouldn't write."

- "I think it is unfair to kids who can't remember it all and bothersome of those who can. The finals are a waste of time, because you're starting work or going on vacation and studying for exams are the last thing you're thinking about."

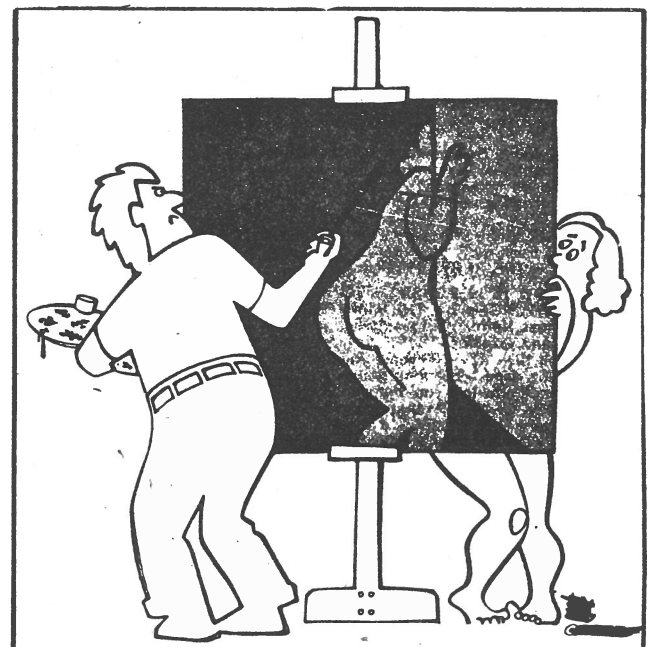

- "I think they're stupid."

- "I don't know what I think, I just hope I don't have to write any."

- "I think 66% is too high for exemption. Other schools in Ontario have 50% as an exemption rate. Exams should be for those who are failing in the subject."

- "I think that they are fair. If you work all year then you deserve to be exempted, and if you don't work, tough luck."

Well, that is what we think of exams. For those people who have any exams to write, "GOOD LUCK".

# Horoscope

## CANCER ( JUNE 21 - JULY 22)

The moon gives those born under this sign a sensitive, dreamy nature. It takes it's women longer to grow up than the average woman.

They may marry older men in their youth, but look for younger ones when they mature. When a Cancer's security is threatened, she becomes worried, moody and slightly paranoid. Another name for one born under the Cancer sign of the crab is a moonchild. Moonchildren have a great sense of humour. There are more comedians born under this sign than any other. Cancer women are domestic women, who tend to be over-protective mothers.

Some students born under this sign are: Patti Quinn, Robin Worman, Jane McLellan, Tim Pearson.

## VIRGO (AUGUST 23 - SEPTEMBER 22)

Virgo is ruled by Mercury, and has the gift of everlasting youth. Mercury rules the mind and Virgo's like to use their sharp wits to solve problems. They want everyone to be methodical at all times.

One advantage of being a Virgo is that you will watch your diet, and have wonderful taste in clothes. Any type of disorderliness affects the nerves of a virgo.

Virgo should remain from critical. They should show the warmth of their true affections and smile more. Virgos are neat and look as if they have just dressed to go out. The sign for Virgo is the Virgin.

Some Virgo Students are: Laurretta McDonald, Diane Gray, Paul Ward, Steve Bainbridge.

## SAGITTARIUS (NOVEMBER 23 - DECEMBER 21)

Sagittarius is ruled by Jupiter, the planet of luck and jovial youth.

Sagittarians are extremely active and involved in life. They are athletic types who live to horse-back ride, hunt, swim, and fish.

Sagittarians love the outdoors, and hate artificiality. They also love to travel and come and go as they please.

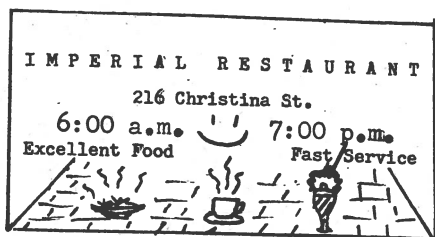

Sagittarian women should develop more femininity because they can carry casualness too far. They are the type of person who lives in the present and this is one of the greatest protections from old age.

Typical Sagittarians in our school are: Deb Coates, Stephanie Lennox, Melanie Lankin, and Jeff McLaughlin.

Patti Quinn.

## Pierre and Margaret Split Up!

As you probably already know the Prime Minister of Canada and his wife, Pierre and Margaret Trudeau, are separating so that Margaret can continue her career in photography. Here are some comments about the situation from SCITS students.

"I think it's really dumb that we have a Prime Minister who can't even look after his own household, let alone the country. She's a real rat to run out on her kids.

"I don't care."

"I think it was coming all the time, because she obviously married him just for his money, and now that's not enough for her. I think it'll hurt his political career, and it's not a very good example to set for the country, with the deterioration of the family being an issue of concern."

"I give her credit for wanting to do her own thing, like modeling and photography, but she should have known before she got married that she wouldn't be able to do these things, being the wife of a public figure. I think her behaviour has been somewhat childish. For example, her going to a rock concert on the night of their sixth anniversary. Contrary to what she wanted, she really put herself in the limelight."

"I don't give a ----."

"It's their own business."

"It's a good idea if they don't get along."

"Don't ask me."

### OTHER SUMMER GROUP ACTIVITIES INCLUDE:

- waterskiing - if you don't know how, learn this year

- bush parties - all you need is lots of people and a meadow
- hay rides
- pool parties
- barbecues
- bike trips - get a few people together and go ten-speedin

Summer is great because your not confined inside. The majority have jobs, therefore money, and that gives more opportunity to do things.

Two last trips: When you do go partying, bring your own alcohol (preferably beer) and don't let everyone hog out on it; make sure there's plenty of ice on hand.

An AM radio, tape cassette player will always add to the party spirit.

last but not least, Yee-haw and have a really fine time this summer.

Q. What did the person say who thought he was a tree?

A. Ge-om-e-try

Q. What do you call a beautiful angle?

A. Acute angle

Q. What do you say when your parrot flies out of the cage?

A. Polygon

Q. How does a newfie count to ten?

A. Tree and a turd, tree and a turd and tree and a turd.

Q: How far can a dog walk into a forest?

A. Halfway then he's walking out.

What are you going to do this summer?

Gr. 13's - "Work and bum around. Actually I'm going to get----- but I can't say that. Gross you out!"  
"\_\_\_\_\_ all!"

Gr. 12's "Living and loving in Toronto. Working, going to the beach. Oh yeah, and travelling."

"Finding a good job and doing all the things I'm not able to do at home. In other words have a good time. Put that down!"

"Making some money and doing a little bit of travelling in my spare time. I already gave Coleen an answer like that too."

"I don't know yet but I'll probably do something kinky."

Gr 11's "Flag the dog"  
"Going to Vancouver and get some ~~\_\_\_\_\_~~. (Censored)"

"I don't know."

Gr 10's "Going to Toronto on a ten speed."

"Getting a job."

"Going on a canoe trip and then to Florida!"

Gr 9's "Having a baby."

"I don't know."

"Go camping over on Stag Island. That's good enough."

Staff "I teach teachers in the summer."

Staff "I teach teachers in the summertime."

"Nothing. Why? Oh no, don't say that! I should have said I'm gardening and working on my green house and doing some decorating in my new home."

"We're going to dismantle this place."

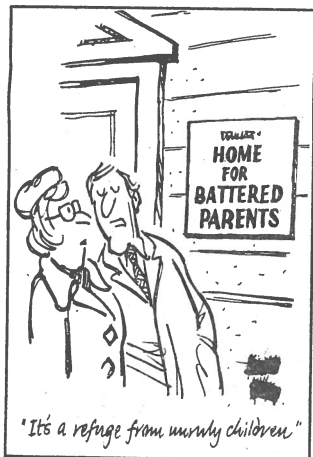

"Zip. Practice some archery and swim in my pool."

"Nothing. Making lots of doughnuts."

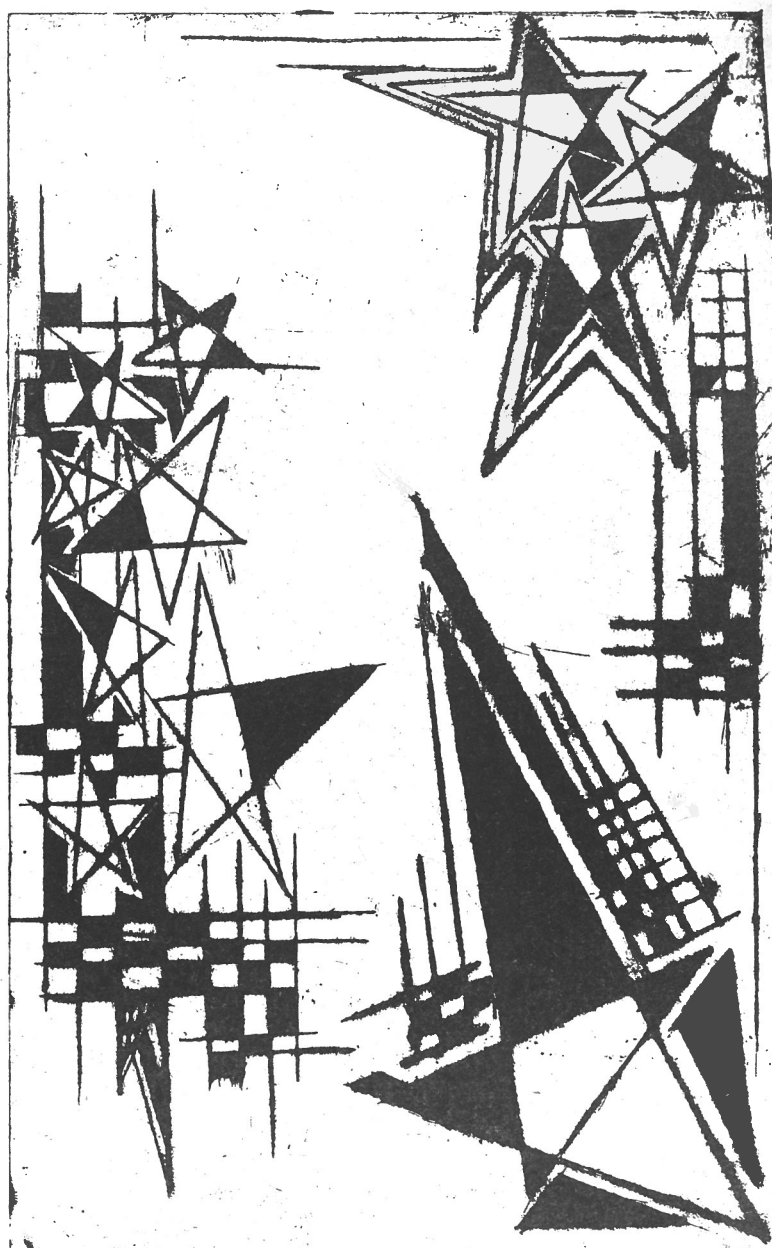

"Not too much."

Often asking several inmates of SCI, I have found there are some really good times ahead for the summer vacation. Some people have specific plans while others are going to take it as it comes. At any rate, have fun, kids! It's summer, enjoy it!

We asked ourselves why Johnny can't read.

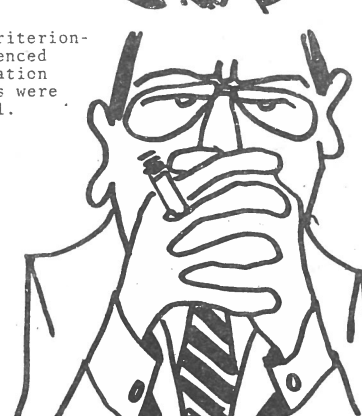

So I talked to his teacher.

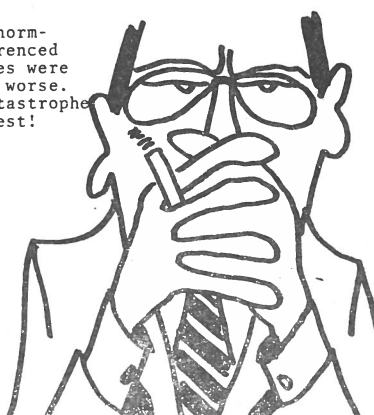

She laid it out in black and white.

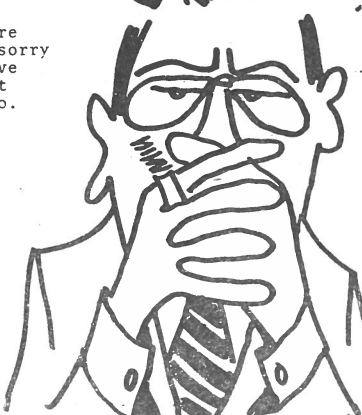

His criterion-referenced evaluation scores were dismal.

His norm-referenced scores were even worse. A catastrophe at best!

We were very sorry to have to let him go.

# CAR RALLY

The Southerner

## CAR RALLY

There was a Car Rally this year on May 14 at 12:00. The course was set up by Warren Rhude and Mr. Farrar. There were four checkpoints after the the start here at SCI: the first was Camlachie, the second was Forest, the third was the Pinerie, and the fourth and finishing checkpoint was at the Sauble Cut.

There were different conditions and speeds along the 90 mile course. Half the course was in metric speeds. Half the course was also in metric distances. The course should of taken two and a half hours but everyone took longer because everyone got lost.

In first place came Andy Simpson and Debbie Maczko. In second came Ron Wheeler and John Roth, and in third came Duane Cark and Alan Carr. Prizes for first place were a large trophy on which their names are to be engraved, and two smaller trophies, one each.

The only teacher invovied in the race was Peter Robinson, who teamed up with Brian Kumpf. They were a little late, six o'clock, but not the latest.

There were no serious mishaps but one vehicle was stopped by three O.P.P.'s and were held at gun point. They were mistaken for murderers.

## SURVEY:

How were your years spent at SCI&TS and what are you doing next year?

- 1) Heather Lester (Gr. 13) I enjoyed SCI, yes it was alright. Next year, I plan on going out and working.
- 2) Karen Foisey (Gr.12) SCI&TS was alright but I'm glad to be going. Next year I'm attending Algonquin College in Ottawa.
- 3) Graig Kohut (Gr.13) I liked SCI very much, especially playing football and basketball. Next year I hope to be working.
- 4) Beth MacInnes (Gr.12) I really liked SCI. There will always be good memories here, but not as many as the bad. Next year I am attending Centennial College in Toronto.
- 5) Dave Hicks (Gr.13) I liked it but am glad to be going. Next year I am attending W.L. in Kitchener.
- 6) Patti Quinn (Gr. 12) (In laughter) Going up north to work and then next year attending college.
- 7) Marie Clysdale (Gr. 13) I didn't get into anything but this year I'm just getting an ulcer. Next year I hope to get to go to Fanshawe.
- 8) Coleen MacKenzie (Gr. 12) I didn't enjoy the first two years, but the last two have been great. I'll probably miss all my old buddies. Next year I am attending College.

## CANADIAN INDIAN AMERICAN DAY

On April 27, SCI&TS was visited by a number of interesting and informative guests. Seminars were held in many classes and students seemed intrigued by the different speakers on subjects as various as the American Indian Movement and basket weaving.

In ninth period the students of SCI gathered in the gymnasium for a pow wow. The Dances were started by the students from the reserve.

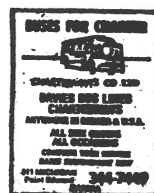

When everyone was asked to join the dance bashfulness left the floor no more populated. Slowly building their courage the students joined the dances. All of the students seemed to learn and have a good time.

# S.O.S.

Dear S.O.S.

I have a big problem, I wear glasses, and although people say they look nice on me, I always feel so noticeable and out of place when I am out with my friends.

Out of Place

Dear Out of Place.

Your problem isn't such a bad one after all, especially with all the fashionable frame styles there are to choose from today. Then, there is always contact lenses, which I realize run into a considerable amount of money, but if your glasses depress you so it may be wise to invest, maybe. Then again just consider yourself lucky you are able to see at all even if it is with a little help, and if your friends tell you they look fine, trust them and be content with what you've got.

Dear S.O.S.

I am depressed about the school system. Being a senior student at this school, and since it is my last year I think I am responsible for my own actions and should not be hussled by teachers who are on the crusade for clean up. If I miss an occasional class I do not think I should be looked down upon nor be told to make up time after school paying for my awesome deed. As far as I'm concerned the disciplinings and ?;!2?#\*6!-

Detention Dodger

Dear Detention Dodger:

I am very sorry to say that I can do more than agree with you. There are, some schools in various parts of the world that do run on what they call a voluntary attendance system (which would suit me just fine) It seems though that such a decision would not be made in the near future in our area. My only suggestion to you impossible as it may sound, is to tolerate it and think "Just a couple more weeks of having to answer for your absences." Hang in there buddy!

Dear S.O.S.

I am fed up with the PHONEY chicks at this school. Some of them dress like New York street women and it seems they put makeup on with a putty knife. Since it is the end of the year, should I tell them what I think, or should I maybe give some criticisms?

A guy who doesn't like looking at paintings.

Dear A.G.W.D.L.L.A.P.

I know exactly what you mean what can you do. It is there life to live so we must let them live it as much as it may bother you and me. Maybe though, this letter will be a hint and embarrass them into arranging their ways.

Dear S.O.S.

What am I going to do this summer? All my friends are in Corunna, Courtright and Mooretown and none of us have a car. I will miss them all and I am not yet old enough to get a decent job. My parents won't move out of Point Edward either.

Long Distance Love Affair

Dear Lonely

The best thing you can do is make arrangements for rides to and from each others' home (or write letters). There are always ways if you look for them. Don't Worry!

Dear S.O.S.

I have one major problem. All my friends smoke dope, and I don't. Whenever they start smoking it they ask me if I would like some but I say no and they call me names.

Not a Burn Out

Dear N.B.O.

Stick to your guns, sweetie! It's your prerogative, and their's. Just remember - Sticks and Stones may break your bones but names will never hurt you".

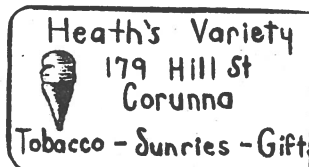

Dear S.O.S.

I have a terrible problem with my love life. I meet so many nice girls and I am so fickle I fall for them all. What should I do, I can't have them all?

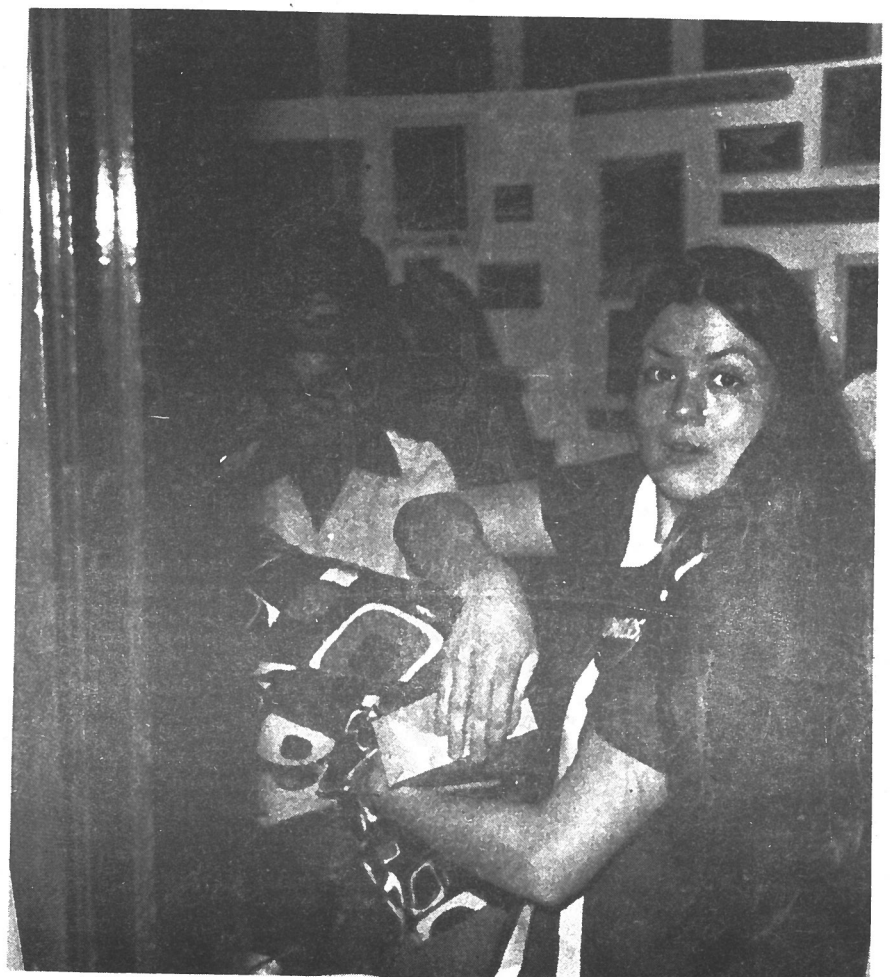

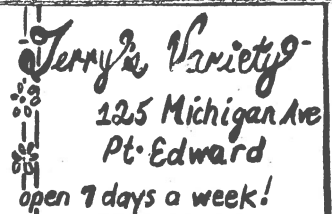

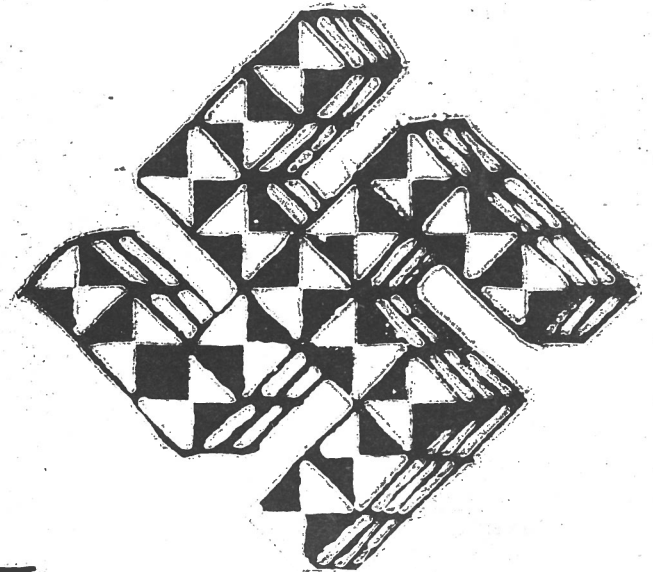

Torn Between Many Lovers?

Dear Ripped

That's for sure - you can't have them all. Maybe someday soon you will find the girl you know is the best and will stop falling for all the others. Until that time enjoy the sights until you find your hearts desire.

Now then young Bellamy - which profession or branch of industry would you prefer to be out of work in...?

## SPORTS

### G.A.A., B.A.A. ATHLETIC AWARDS

Football, basketball, cheerleading, badminton, volleyball, swimming and track and field. These are just some of the sports in which our school's Girls' Athletic Association and Boys' Athletic Association participated in during the 1976-77 year.

They were first presented with their awards on Wednesday June 1 at the annual GAA, BAA Banquet. The Banquet was a huge success, due to the great response of active students and the hard work of those teachers involved.

Again these winners were presented with their awards on stage at an assembly on Friday June 3.

Now the Southerner would like to take this opportunity to honour these students for their accomplishments.

The following students have shown the effort and spirit SCITS is famous for.

#### B.A.A. AWARDS

##### MIDGET TRACK AND FIELD

### GIRL'S SPORTS

I think that the girls of this school have really gotten into sports this year. There seemed to be much more spirit concerning turnouts in tryouts and during competition. As was shown this year, the teams have improved greatly from previous years and part of this is a result of more involvement of the students and the dedication of the coaches. I have figured that the following deserve recognition for their involvement in sports at SCI&TS:

Best Athlete of the Year  
Sandra O'Connor

Rookie Athlete of the Year  
Jane Westfall

Best Benchwarmer  
Lori McKee

Best Coach  
Everyone

School Spirit Award  
Jewel Laird

Most Improved Athlete  
Lana Marjama

Most Improved Team  
Midget Girls Track Team

Biggest Let Down  
Senior Girls Volleyball Team

Least Recognized Athlete  
Barb Wardell, Theresa MacLean

All the Athletes and teams deserve credit because, on the whole, Sci has come up with teams to be very proud of. I hope the girls will all be very proud and try out again next year and maybe we will have some better teams yet.

### Weightlifting Contest

The 1st annual weightlifting contest was held last Wednesday June 1st at 3:30 down in room 99. It was organized by Mr. Burrowes, who also judged it along with Mr. Zigmund.

It was organized into classes according to the weight of the contestants. There were 3 lifts-the bench press, the squat lift and the dead lift-the winner being the one with the highest total in each weightclass. Here is a list of the winners in each class and their total lifts.

114 lb. class---	Ray Yessie	430lbs
123 lb. class---	no one entered	
132 lb. class---	Jerry Tobin	560lbs
148 lb. class---	Tony Olsen	770lbs
165 lb. class---	Dusty Spitzig	910lbs
181 lb. class---	John Frangis	1050lbs
198 lb. class---	Clayton Thompson	770 lbs

Congratulations to all winners and especially John Frangis who is now the strongest guy at SCI&TS.

# FIELD TRIPS

## NIAGARA FALLS FIELD TRIP

Thirty-nine fatigued young people congregated at the west parking lot here at seven o'clock on May fourth. Mr. Davidson and Mr. Scott rounded up the troupes and boarded the Chatham Coach Lines bus. We were headed indirectly for Niagara Falls.

Our first major stop was at Bruce Nuclear Power Plant (or for you, who don't take geography, it is Douglas Point). The plant is located half way between Kincardine and Port Elgin. Here we spent a couple of hours learning about heavy water and generating stations.

Other stops included lunch at Denny's Dam near Southhampton and my favorite stop, the Bruce Trail. Two hours were spent here climbing, jumping and walking through nature trails on the shores of Georgian Bay. After we left the Trail we ended up at Owen Sound, where we stayed the night. The night life in Owen Sound is not too bad, even if Mr. Davidson doesn't think so. He and Mr. Scott had to account for a few lost sheep.

The next day was a little easier, we were allowed to sleep in until eight. After touring Owen Sound, we arrived in Elona Gorge. It is quite like the Bruce Trail, but since it had been raining, our nature walk was cut short.

Another major stop on the way to Niagara Falls was Jordan Wines. Here we saw films of wine making and it's history. Some of us even sampled some of their sherries, roses, and sparkling wines.

Finally, Niagara Falls! After checking into the "Arkona Motel", we ate at a small hick restaurant and then boarded the bus to the Falls. Some of the herd rode up the Skylon, while others went exploring. At eight-thirty we again boarded the bus and went out dancing and what-have-you. Curfew was one o'clock and everyone was co-operating for our chaperones.

On the last day, Friday the sixth, we travelled over to the Power Vista in New York State. We walked in and were greeted by a sign that read

"Welcome Scits" We toured this hydroelectric station for some time and then, again, staggered back on the bus. From here it was straight home except to eat at MacDonald's in St. Catharines.

It was a fast three day trip and everyone had a great time, but we were also glad to see the end of it. Thirty-nine tired teenagers, on a bus, for three days (with a clogged toilet) aren't too sociable, but we and the teachers pulled through it all.

## CANADIAN & PROUD OF IT!

It's kind of interesting to find out what some people are doing this summer. Now that you know what some of the students are doing, here is what some of the teachers are spending their time on.

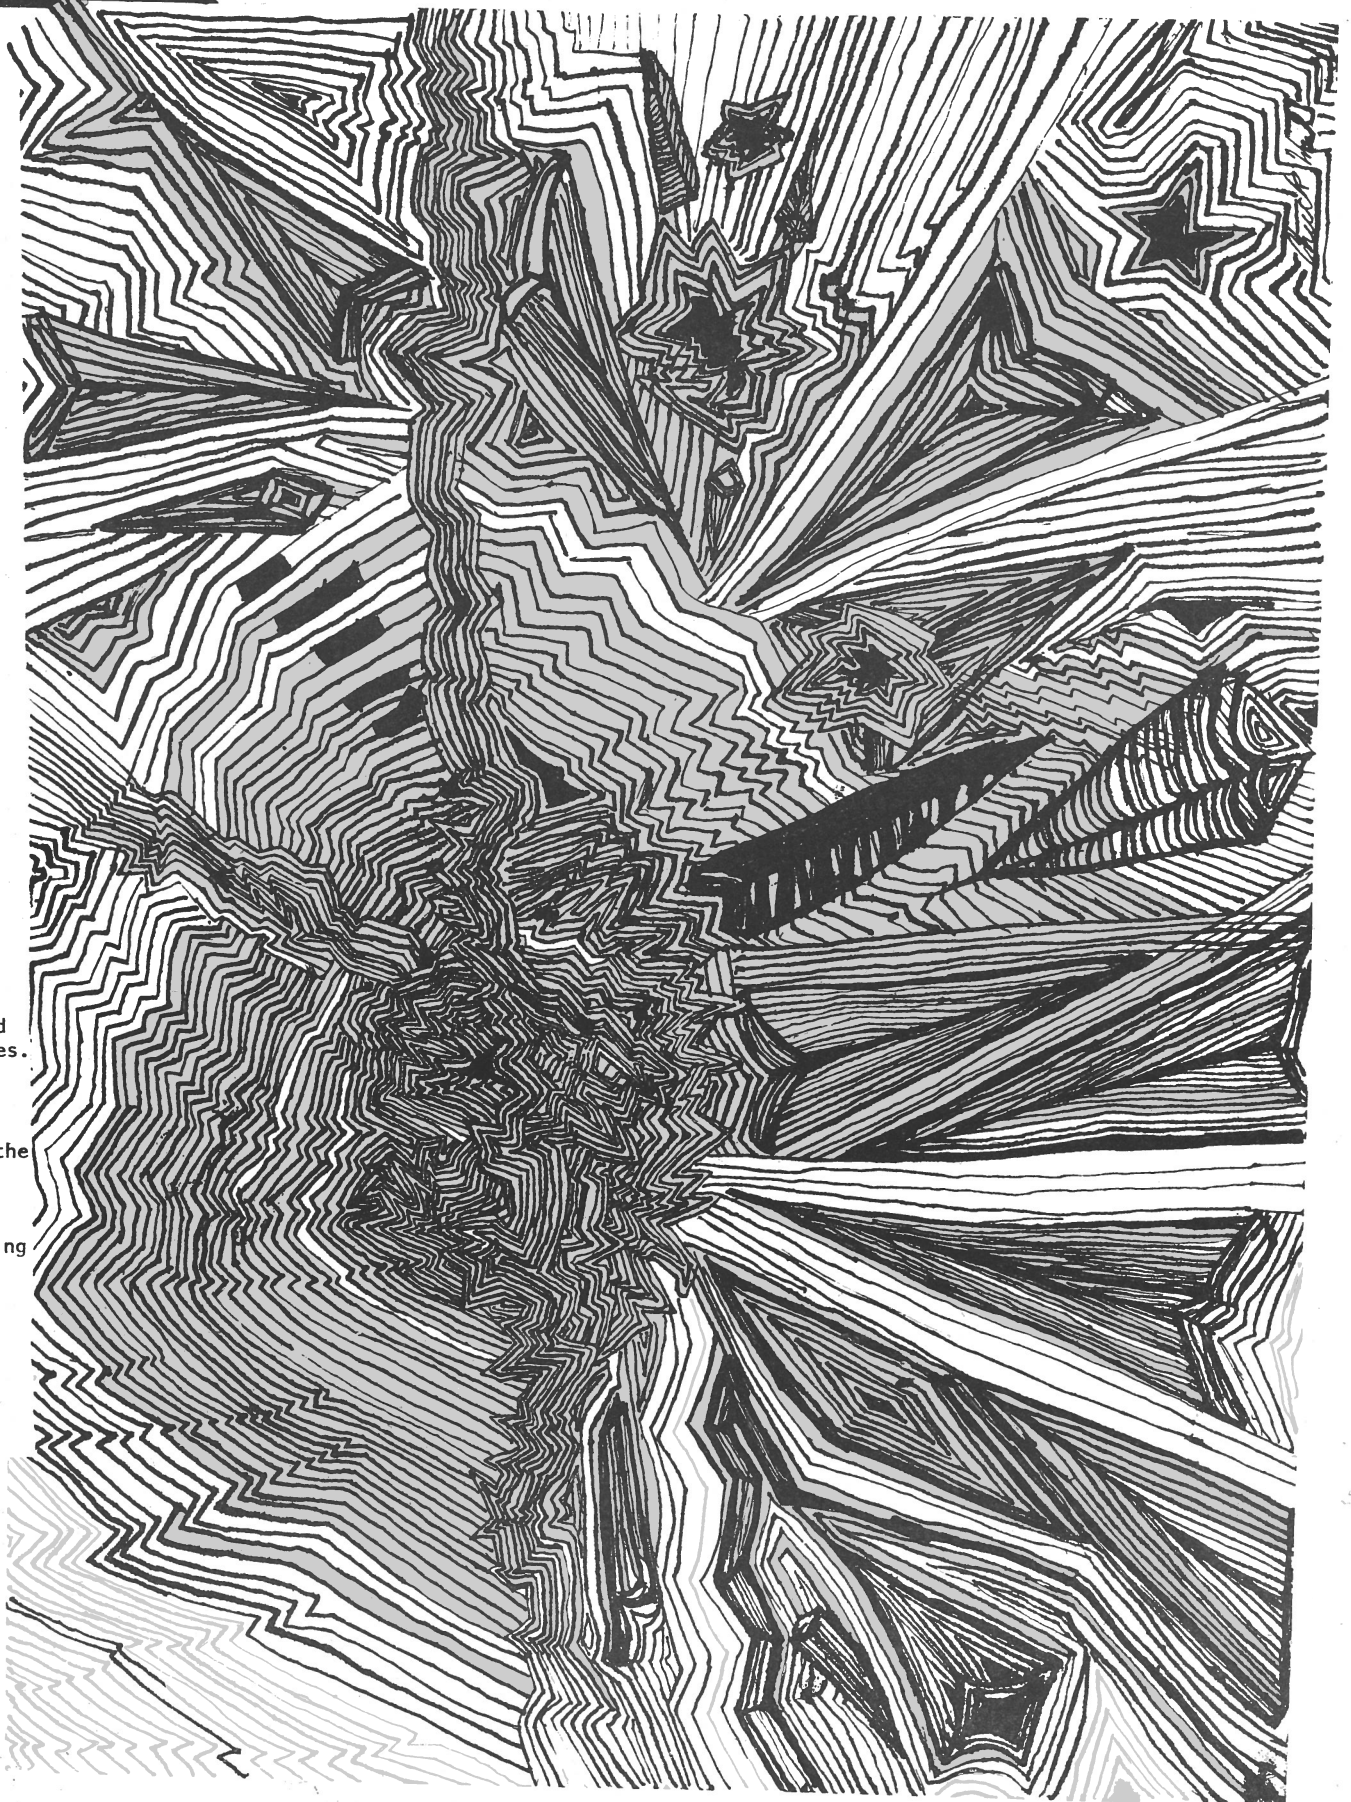

On July 20, a major all Canadian musical variety will take place in S.C.I.T.S. Auditorium. The name of the show-Confederation a show promoting Canadian talent and art is being put together by a group of S.C.I.T.S. teachers. Involved in the event are C. MacDonald, Producer; L. Gibb, Stage Director; W. Mendrinski, Stage Design.

The show, as I am told, will hold something for everyone. Musically, the show will be backed by an 18 piece orchestra and a professional rock band. Some of the people starring in the show will be:

Nino Palazzolo and a famous Canadian folk song writer C. R. Tuttle. Also featuring Sarnia's own Lisa Tancrede, Connie Christmas, Doug Dochstaeder, Art Christmas Aggregation, and Sarnia Chipewa Dancers.

The show will be tape by CBE Radio in Windsor for transmission out of Windsor.

So make it a point to be here on July 20, YOU'LL LOVE IT!

EXAMS ARE ———!!

# MUSIC

The Southerner

## Beatles: At the Hollywood Bowl

This album, recorded in 1964 and '65, is the only live recording other than bootlegs of the Beatles (the Let it Be album was, sort of, but it died). Some of the songs are lesser known Beatles songs, such as Boys and Lawdy Miss Clawdy, but the reception given to Help! She Loves You, A Hard Day's Night, All My Lovin', etc., is astounding. The quality at times leaves something to be desired but nonetheless it is a good album, and one any Beatles fan will enjoy.

Steve Miller Band:  
Book of Dreams

This album has only been out a month, but has already received a great welcome. It is pure Steve Miller in the tradition of Fly Like an Eagle, but will even more synthesiser than before. His first Am hit from the album, Jet Airplane, is probably the rockiest on the album. It is an easy album to listen to, and highly recommended.

## News from Downtown:

We may have a price war in Sarnia soon. Not gasoline, though. Believe it or otherwise, there are two record stores in the same block now (three doors down actually) who are starting to lower prices. The new store WHEELS, started it by announcing that all \$7.29 LP's now \$4.99. SAM'S has retaliated with \$2.99 and \$3.99 days (not bad at all). The records are going fast, though, so get them fast, because our "free enterprisers" will no doubt have the prices back where they want them \$6.59 each.

# led zepplin

## "Led Zeppelin in Concert"

"We'd like to play some music for you, if everyone would stop swishing around, it's very hard to play to an audience that's moving around" shouted Robert Plant, with his tight jeans and opened shirt which was tied together near the middle. To the 80,000 in the Pontiac Silverdome Stadium as the band went into "The Song Remains the Same" and pandemonium ensued. "No Quarter", starts out slowly, lovely, with dry ice filling the stage (and choking the guards by the barricades, I might add), and some gorgeous instrumental work done by Jones throughout. "In My Time of Dying", was next, which received a moderate amount of enthusiasm. "Custard Pie" followed, as well as "Rover", two fast foot stomping tunes. Then, they went into "The Battle of Evermore," "Going to California" and "Stairway to Heaven" (probably the favorite) which all reveal thoughts of destiny, with good help from their rhythmic section. Perhaps the highlight of the show is "Kashmir" an incredible, powerful rocker with lots of Arabian Nights fantasy sounds from Jones while Bonzo and Page keep up an incessant, interesting riff. When "Moby Dick" began the audience got a taste of fast rocking, high powered beat, as did a segment of "Dazed and Confused" featuring Page on his violin bow and guitar, accompanied by a green light in a triangle shape which turned circular in accordance to every stroke he played on his guitar. To finish it, they had two encores which happened to be "Rock and Roll" and "Trampled Underfoot", to bid them farewell. (BY DAVE KNIGHT)

## IT'S ONLY ROCK N' ROLL

### ALBUM REVIEW NEWS RELEASES FROM:

KINKS- SLEEPWALKER: It's an energetic album Ray Davies does vocals and wrote the songs. Best single is "Only Juke Box Music"

STEVE MILLER- BOOK OF DREAMS: This was recorded on 24 tracks, instead of the usual 16. It has the same kind of "magic" quality of "Fly Like an Eagle" and it's good. One single that will probably go big is "Big Old Jet Air-Liner."

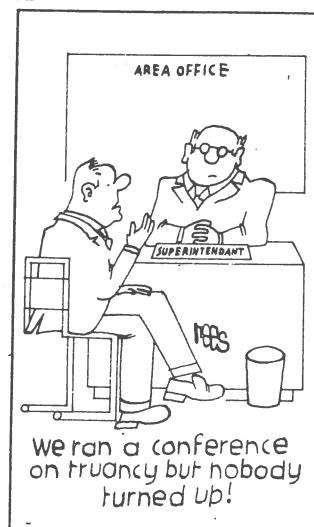

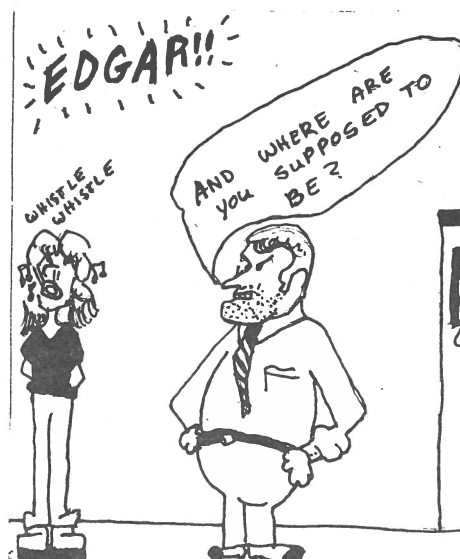

SUPERTRAMP- ONLY IN THE QUIETEST MOMENTS: This is probably Supertrams best album so far. They had a recent concert May 15 in Detroit and they displayed their new stuff backed up by an excellent light show. A song that will become a favorite is "Give A Little Bit."

BEATLES- LIVE AT THE HOLLYWOOD BOWL: This album is a classic. Although it doesn't contain anything we haven't heard before it's still fun. It comes complete with authentic Beatlemania--screaming teenie-boppers in the background. Sound is rather poor, due to the primitive recording methods of '63'

### ALSO:

Bad Company: Burnin' Sky  
Little Feat: Time Loves a Hero  
Emerson, Lake and Palmer: The First Edition of Works  
Frampton has a new single out to be followed by an album very soon. Sounds like it's going to be pretty "fluffy".  
Iggy Pop: (don't know title) but it's a strange piece of music

There are some good concerts coming up the majority of them at Pine Knob, Michigan. Two of them, Fleetwood Mac, and Chicago, have already been sold out. To find out when bands are playing and where, listen Tuesdays and Thursdays to Concert Information at 5 o'clock--WABX-99FM.

ROBIN WORMAN

Robin Worman in a sixteen year old student from London, England attending grade 12 here at SCITS.

He travelled to Canada July 1st of last year with his father who followed his employment here. Robin came to see a bit of Canada and the U.S.

He likes SCITS and is actively involved in theatre productions. As a stage designer, Robin was busy during the SCITS Revue, and also starred in the B.C. Skit. Outdoor Education was also an interest before the club was dissolved.

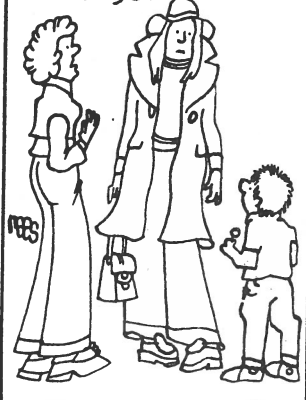

Other pastimes include cycling, camping, partying, painting, and drawing. Some of Robin's artwork has been displayed around the school.

Sarnia is not one of Robin's favourite cities in Canada. He prefers Ottawa and Montreal. The Southern states also meet with his approval, as he finds the climate attractive and the people more friendly than those in Canada.

Despite the fact that Robin likes our country, he will be returning to England, in early September with his family; however, he does plan to visit, again next year.
